Blaen Y Gors Farm  
Ystradgynlais,  
Swansea,  
Powys,  
SA9 1PY

## Blaen Y Gors Farm

Offers in Excess of **£460,000**

Nestled away from the main roadside in a rural setting found on the periphery of Ystradgynlais, is this spacious three/four bedroom semi detached stone built farmhouse, set on approximately 8 acres of land.

3/4 Bedroom semi detached Farmhouse

Smallholding

Approximately 8 acres Of Land

Two large Paddocks

Situated on the outskirts of Ystradgynlais

Has undergone significant improvements

Viewings Highly Recommended

The property on the small holding has recently undergone significant internal improvements and had a generous single story extension added to the rear by the current vendors. The acreage is made up of predominantly two very large paddock spaces, one to the front of the property and one to the rear, with a good sized yard and parking area in between. Please take note that the adjoining neighbouring property (Blaen Y Gors Barn) does have right of access over the yard area to gain access.

Maintaining a wealth of character internally, the semi detached property features a large lounge to the front, with a feature exposed stone wall with a log burning stone set on a slate hearth and oak mantle over.

There is a second reception room to the front of the property, previously the kitchen with some remaining units still left in place but would make an ideal sitting room and/or a ground floor double bedroom.

The original bathroom within the property is located on the ground floor and has been recently extended and fitted with a white three piece suite comprising; free standing roll top bath set below a vaulted ceiling with sky light, low level WC and wash hand sink basin. The original suite is still fitted within the bathroom but is due to be removed ahead of completion of a sale.

The extension to the rear of the property (ready for sign off by the building inspector) now allows for an impressive bespoke kitchen/breakfast area, with a separate utility room to the side.

The kitchen has been fitted with a matching range of solid oak base and larder units, with a black marble effect laminate worksurface over. It features an integrated dishwasher, an eye level oven, a ceramic four burner halogen hob, integrated fridge/freezer and a

stainless steel sink unit positioned below a large window to the side. Patio doors flanked by windows to the rear floor the room with natural light and also provide access onto the rear garden area.

To the first floor, a generous landing area provides access to all three double bedrooms. Bedroom one is a large double bedroom with a window to the front and ample hanging rail storage to the rear of the room, cleverly hidden by curtains. Bedrooms two and there are well proportioned double bedrooms, with a window to the front for bedroom two and a window to the rear within bedroom three.

Outside to the front of the property is a good sized lawned garden, with a central paved pathway leading to the front door and bordered by mature plants, trees and shrubs. The garden area opens up onto the central yard, with four generous wooden constructed stables, two large lockable industrial containers and the shelter at the end suitable to storing feed. The yard is accessed from a long shared driveway off the main road, with two secure swing

gates for security and safety. The central yard is also used by the neighbouring property 'Blaen Y Gors Barn' as they have right of access over the yard to their boundary.

The majority of the land is located to both the front and rear of the property. Predominantly made into two large paddocks, the land to the rear gently slopes providing good drainage. The paddock can be accessed directly from the central yard and has a level area from the gate access offering an opportunity to add a ménage if required. The large paddock to the front can be accessed from two areas, either directly off the yard over a small brook or from the shared driveway.

**There is a covenant on the land .**

**The front field has right of way through entrance to the field and to their field on the pathway.**
