Malthouse Court

Malthouse Court is built on the site of a former brewery, close to the market place. It is a peaceful enclave set in a lovely garden adjacent to open countryside and is approached through an impressive stone archway from Watling Street. The two and three-bedroom cottages and apartments are set around three sides of a grassed courtyard and are built in slate and brick with stone detailing.

Towcester is the oldest town in the county, hence many of the houses on the main street are listed and the whole central area of the town is in a conservation area. It has a full range of shops and amenities, all within easy walking distance of the estate, including a Waitrose and other major supermarkets, regular local markets, churches, banks, surgeries and a library. Towcester itself has excellent sporting and leisure facilities and is, of course, renowned for its race course which now hosts greyhound racing, as well as being close to the motor-racing circuit at Silverstone. Opportunities to walk abound as the town marks the start of Grafton Way and Knightley Way, both long-distance footpaths travelling north and south, and the nearby Nene Way stretches 67 miles along the banks of the River Nene. The city of Northampton, with its rich and varied history, lies just nine miles to the north of the estate and boasts a wide array of shops and restaurants, several pretty parks, an attractive cathedral and a pleasant marina and waterside area.

Cognatum Estates Limited provides the services and amenities shown below together with the maintenance, repair and insurance of the buildings, personal alarms, window cleaning and refuse collection. The cost of providing these services is shared equally between all properties
